

FOR IMMEDIATE RELEASE

## GLOBAL DAILY FANTASY SPORTS INC RECEIVES CERTIFICATION CLEARANCE INTO ADM

**Vancouver, B.C. – December 15, 2017 – Global Daily Fantasy Sports Inc.** ("Global" or the "Company") (TSX-V: DFS) is pleased to announce that GDFSI Malta Inc, the Company's wholly owned subsidiary, has received certification from Gaming Labs International (GLI) with respect to its integration protocol's into Italy's Agency for Customs and Monopolies (ADM). Global has successfully completed the final compliance process enabling it to provide its Daily Fantasy Sports product to the DFS network of Lottomatica Scommesse S.r.l. in Italy. Final preparations for network launch are progressing with the customers now that all the regulatory compliance processes has been completed.

"We are delighted to have reached this stage on the path to the commercial launch of our DFS product " said **Global's CEO Darcy Krogh**, "We have now met all the requirements to go live in our first regulated market. We have two great partners to work with in the Italian market and expect to add more in the future to expand our network in this key gaming jurisdiction for Global."

Chris Neville, the chief revenue officer of the company has tendered his resignation. The company wishes him well in his future endeavours.

### About Global Daily Fantasy Sports Inc.

Global Daily Fantasy Sports Inc. (TSX-V: DFS) is a multi-tenant gateway that enables operators to offer their customers a world class DFS software solution. The platform allows for seamless integration at the operator level without having to share or compromise any sensitive customer data. Joining the Company's network allows operators to capitalize on a mature infrastructure, with shared liquidity, that was built specifically for regulated market environments. As a true B2B global network, the Company is a SaaS product that offers a turn- key solution for sportsbook operators, land-based operators, media groups, and big database groups and other operators who wish to quickly and easily break into the DFS industry with a customized software solution.
